May 16, 1968

President Josip Broz Tito
Yugoslavia

Dear Mr. President,

You were most kind last November to discuss with me the problem of peace between the Arab countries and Israel. You may recall that I am chairman of an organization called American Professors for Peace in the Middle East. A study mission of this organization has been invited by the governments of Jordan and the United Arab Republic to come to Amman and Cairo respectively.

I shall leave Cincinnati on June 22 and expect to be in Cairo from June 29 to July 5. It would be very important for me to have a brief personal discussion with President Nasser and I would be most grateful if you could send me a letter of introduction to him and perhaps ask him if he would be kind enough to see me.

With many pleasant recollections of our past encounters and with all good wishes to you, I am,

Cordially yours,

Albert B. Sabin, M. D.
Distinguished Service Professor
of Research Pediatrics
