Dear Doctor Sabin:

Your letter of August 13th, concerning registration of a name for your oral poliovirus vaccine, has been turned over to me by Doctor Rivers. In connection with the registration, will you kindly furnish me with the following information requested by our Washington, D. C., counsel:

1. Has your vaccine been used for commercial purposes in the United States of America?

2. List any foreign countries in which your vaccine has been in use and for how long, either on a commercial or other basis.

3. What manufacturers here or abroad are expected to distribute the product, and what arrangements have been made or are contemplated with them?

I feel certain that the answer to "1." is "No", but the answer should come from you.

With my kindest regards.

Sincerely yours,

Stephen V. Ryan
General Counsel
