March 7, 1960

Dr. Albert Sabin
Children's Hospital Research Foundation
Elland Avenue & Bethesda
Cincinnati 29, Ohio

Dear Dr. Sabin:

By now you have received a copy of our preliminary program for the April 20th meeting. Final announcements will be distributed about April 1st. We are now enclosing another copy for your examination.

Only one individual has elected to have an exhibit in addition to his paper. If you still would like to have an exhibit at this meeting, please let me know as soon as possible.

We would also be grateful if you would let me know whether or not you wish to have your travel expenses reimbursted. In addition, you will receive an honorarium of One Hundred Dollars as we indicated in our first letter.

If there is any change in the title of your paper, please let me know at your earliest convenience.

May we remind you that we are anxious to have a copy of your talk no later than April 1st. This will be used for publication in the Bulletin of the Academy of Medicine.

We are looking forward to your participation in our program with great interest.

Cordially yours,

VICTOR PARSONNET, M.D.
Chairman, Committee on Public Health

   ALEXANDER D. LANGMUIR, M.D., Chief, Epidemiology Branch,
   Department of Health, Education and Welfare
