Dr. Albert B. Sabin
Children's Hospital
Cincinnati 29, Ohio

Dear Dr. Sabin:

I have just received your excellent paper on "Cause and Control of Fatal, Infantile Diarrheal Diseases," for presentation to the Science Conference of the U.N.

I enjoyed reading your presentation and am sure that scientists and others attending the Conference will gain much from this effort.

Under separate cover I am forwarding several copies of your paper and summary.

My sincere thanks for your worthy contribution.

Sincerely,

Richard C. Arnold
Scientific Secretary
