The Ambassador

Dear Dr Sabin

I was delighted to meet you and Mrs. Sabin at Wolf Trap last week. Thus your letter with its encapsulation of your contacts with my country was most welcome. In fact, I found it to be of such interest that I have had a copy sent to Tehran .

It was most kind of you to inquire after my sister. Fortunately, her operation was a complete success and she is well on the road to recovery.

I hope that I may soon have the pleasure of seeing you and Mrs. Sabin at greater length, perhaps when you will give me the pleasure of entertaining you at the Embassy.

With cordial good wishes,

*Very sincerely yours
Abdol Zahed*

Dr. Albert S. Sabin
