October 1, 1975

Dr. F. Massone  
Via Campansi 30  
53100 Siena, Italy

Dear Checco,

Enclosed herewith are the references for the paper that I presented at the Isle of Man, a copy of which I have already given you. Also enclosed are the recommendations on live, attenuated, influenza virus vaccines that I was asked to prepare for the Proceedings of the Congress.

It was a real pleasure for me to be with you and Orietta on the Isle of Man.

Best wishes and kindest personal regards.

Sincerely,

Albert B. Sabin, M. D.

ABS/tak

Enclosures: References for Isle of Man paper  
Recommendations for Congress

P.S. Dr. Sabin dictated this letter just prior to his departure from the city. He was not able to sign the letter personally, but he asked that I transmit it to you in order to avoid any further delay. /tak
