Dear Doctor Sabin:

Thank you for your letter of January 28 and for the copy of the report covering your studies in Cincinnati. This is just a note to thank you for talking with me on the telephone and giving me suggestions of people who might be interested in working with us in evaluating your vaccine.

I am attempting to contact them. As soon as more definitive steps are taken, I shall make an appointment to visit with you to get your opinion on the final protocol of the study.

With best regards, I am

Yours sincerely,

D. G. Iezzoni
