Dear Dr. Sabin:

We were very sorry to learn that illness in a member of your immediate family prevented your trip to New York City this week. It was very thoughtful of you to have your office notify us that you would be unable to keep the appointment for 22 October.

As soon as you feel you are able to spare about two hours, please call me collect (215-688-4400, Ext. 386). We stand ready to come to Cincinnati at any time, even on very short notice.

We hope that all is now well or will be soon.

With best regards.

Sincerely,
