Dear Dr. Sabin;

Thank you very much for your very kind letter on Dec. 20, 1967. I am herewith returning a revised manuscript to you.

I am surprised to hear from you that you are not feeling well. I am so sorry that you have to go through a painful procedure but I do wish that you recover your strength and vigor in foreseeable period.

I have to apologize deeply that I have sent you the II part before I received your letter, without thinking such a trouble I might have and have caused you. The part II is at your disposal.

I could not find out a word to express my appreciation for your kindness fully at this moment.

Wishing the best of your quick recovery,

Sincerely yours,

Tadasu Tokumaru.

P.S. After the holiday season, we propagate adapted herpesvirus and forward it to you. I appreciate your interest.
