Dr. Albert B. Sabin  
The Children's Hospital Research Foundation  
Elland Avenue and Bethesda  
Cincinnati 29, Ohio

Dear Albert:

Thank you for reviewing the toxoplasma paper by Daoud and Schwabe. Our apologies for the oversight. Fortunately, you are the only one thus far who has not received a self-addressed stamped envelope with the manuscript.

Enclosed is a manuscript by Angulo et al. on "Neurologic manifestations in smallpox". Glancing through it gives me the impression that it may need some rewriting, which we can do if it is otherwise a good paper.

Best wishes.

Sincerely,

Paul C. Beaver, Ph.D.  
Editor
