Dr. W. G. Brandstadt  
Journal of the American Medical Association  
535 North Dearborn Street  
Chicago 10, Illinois  

Dear Dr. Brandstadt:  

I hope very much that the sentence that I added to the proof may be incorporated in my reply. Since submitting my original answer there appeared a report of a U. S. Public Health survey of the Harrisburg program, which indicated that it was most inadequate in reaching the pre-school and school age children.

Sincerely yours,

Albert B. Sabin, M. D.

Encl.
