Albert B. Sabin, M. D.
Children's Hospital
Cincinnati, Ohio

Dear Dr. Sabin:

It was very kind of you to phone this morning when you were so rushed. As I mentioned during the conversation, I would very much like to have an hour or two of your time on Saturday, February 6, to interview you for an article in SCOPE Weekly. This would be in the nature of a "Scope Sketch" which would combine information about your career and investigative work. I will have specific questions prepared in advance so as to make the interviewing time as efficient as possible.

I hope you will find it convenient to see me on that day and will look forward to word from you as to a convenient time and place.

Many thanks.

Sincerely yours,
