Dear Doctor Sabin:

May I ask you to referee the enclosed manuscript or, if you do not have time, to have it read by one of your colleagues? It is to be published in the European Journal of Cancer. I would like to know if it is interesting and original, if the methods are correct and the results well interpreted.

We are trying to expedite the processing of papers and I would appreciate your opinion at your earliest convenience.

With thanks, I am

Yours sincerely,
