August 20, 1952

Dr. William W. Frye
Louisiana State University
School of Medicine
New Orleans, Louisiana

Dear Bill:

Enclosed you find the report of the special Committee on Toxoplasmosis of the Tropical Medicine Study Section. Also enclosed are copies of the letters to the Editor of the Journal of the American Medical Association and to Mr. Gerring.

Any comments and suggestions that you may care to make would be greatly appreciated. When you have finished examining this report, I would appreciate it if you could return it to me, so that it may be sent out prior to publication to people who may be guided by it in their work.

Looking forward to seeing you at the meeting early in September, I am

Sincerely yours,

Albert B. Sabin, M.D.

Encs.
