MEMORANDUM

September 11, 1961

TO: Members, Enterovirus Committee

FROM: Executive Secretary

SUBJECT: Next Enterovirus Committee Meeting.

A number of members of the Enterovirus Committee have inquired as to the next meeting of the Committee, and I am, therefore, polling the Committee as to their preferences to the date and place for the next meeting. Informal discussion with several members of the Committee indicate that early in December would be a satisfactory date. Places suggested are Kansas City, Kansas (with Dr. Wenner), New York City, or Washington (Bethesda), or other.

Please indicate on the enclosed post card your first and second preference as to date and place of the next Enterovirus meeting.

There is also attached a tentative suggested agenda for the meeting. Please indicate any suggestions for additional subjects for the agenda.

Marvin M. Harris, Ph.D.
