MEMORANDUM

May 14, 1962

TO: Members, Panel on Enteroviruses

FROM: Executive Secretary

SUBJECT: Informational Material.

I am enclosing for your information and perusal progress reports on contracts now in force. These are:

1. Dr. Wenner's production of enterovirus antisera.
2. Dr. Melnick's production of antisera in large animals, and
3. Tuskegee Institute pilot production of enterovirus antisera in large animals.
4. Dr. Lennette's certification of Dr. Wenner's antisera.
5. Inventory of Gradocel membranes received from Wright-Fleming Institute, London, England.
