June 15, 1956

Dr. Henry W. Kumm
Director of Research
The National Foundation for Infantile Paralysis, Inc.,
120 Broadway
New York 5, New York

Dear Henry:

Enclosed herewith is a copy of the paper entitled: "Present Status of Living Attenuated Poliovirus Vaccine", which I shall read first in Leningrad sometime between June 21 and June 28 at the 13th All-Union Congress of Epidemiologists, Microbiologists, Virologists, Hygienists, and later on July 26th at the International Congress of Pediatrics in Copenhagen. Whether or not this manuscript will be published and if so, where I do not know at the present time.

According to my present schedule I should be back in Cincinnati on July 29th at which time I shall give immediate attention to my semi-annual report and the grant application for 1957.

Sincerely yours,

Albert B. Sabin, M.D.
