Dr. Albert B. Sabin
Hotel Jaraguá
São Paulo

Dear Dr. and Mrs. Sabin:

We are very proud to be your host. Please, call on us whenever and whatever you want to be done in São Paulo.

You will find attached, in two copies, some lists of names and telephone numbers, which might be useful to you, and also your timetable for São Paulo. The hotel management is most eager to serve. Mr. Mario, the acting manager, is at your disposal.

There were, unavoidably, and against our wishes and efforts, some last changes in the program, which you may forgive but, I trust, will not object to.

First of all, there is the absence of the Governor and of the Mayor of São Paulo. Both of them have most willingly cooperated, when informed on your visit, but had for reasons of higher politics to join conferences of Governors in Amazonia, and a National Congress of Brazilian Municipalities, where the heads of the biggest state and city of Brazil had to be present.

The Television program, planned for Saturday evening had to be cancelled, owing to a sudden illness in the family of the director of the program, where you were supposed to appear, and who could not be substituted inside 24 hours.

The document on your nomination as "Servidor Emerito Honorário do Estado de São Paulo" will be handed to you at the University Medical School in a solemn session after your address, on Monday, 10.00 o'clock; all television stations will film and record the event.

Afterwards, you will be accompanied to the Executive Mansion of the Governor, to retribute the presence of the Vice-Governor at the airport. This is a necessity of protocol and will take 15 minutes.

We should like to know, whether you want your luncheon on Monday in company - and the same holds good for your dinner; because the events of the morning, the press conference in the afternoon, the conference at the Albert Einstein Hospital and the reception afterwards might be rather strenuous for both of you.

Another change is - if you so want it - the protocolar visit to the Mayor. I had a talk with his head of protocol, and he told me that the Secretary of Health would like to receive you on behalf of the Mayor. He was told that this, of course, would be decided by you; we think, positively, because otherwise public relations could be affected.

In the interest of public relations to the Jewish Collectivity here, in which we, the "Institute" and the Community Service of the AJC are greatly concerned, we should like to ask you for the sacrifice to have a short interview videotaped with leaders of the community and with leaders of the "Institute" cooperating. This would be a matter of half an hour, either on Saturday between 16 and 16.30, or on Sunday morning after 10.00 o'clock (perhaps on the way to the "churrasco", if the weather should favor us).
To Dr. and Mrs. Sabin

S. Paulo, July 15, 1967

I beg to hand to you your time-table for Buenos Aires and copy of a cable from our Latin-American Director, Prof. Monk.

This letter is intended as basis for a short talk which, I hope, we can have after your arrival at the hotel.

Once more our very best wishes for the days in São Paulo!

On behalf of the Institute,

Very sincerely yours,

Dr. Alfred Hirschberg
Dr. De Bakey
List of names and telephone numbers which might be useful:

Dr. José E. Mindlin, our president - home number - 61-7105
