MEMORANDUM

TO: National Advisory Allergy and Infectious Diseases Council Members
FROM: Dorland J. Davis, M.D., Director, NIAID

Attached are copies of recent public addresses by Drs. Marston and Fenninger which indicate future trends of NIH programs. At the last Council meeting we promised to send them to you.

Attachments:

Dr. Marston -- Biological Science and the Future of Man
The Expanded Role of the National Institutes of Health (Abstract)
The Several Paths to Quality
Outlook for NIH Support of Medical Education and Research
Medicine for Tomorrow's Children: On What Foundations Can We Build?

Dr. Fenninger--Health Manpower--Problem or Opportunity
How we Face Reality
