Mr. Neil Armstrong,
Lebanon, Ohio 45036

Dear Neil:

As an American historian, I have been asked to write your biography for a new five volume set on American Biography (500 famous people) to be published next April by Salem Press, Inc. of Pasadena, California. (I also wrote another sketch on William Holmes McGuffey).

Would you please review this final draft and complete the dates needed in red boxes on pages 4 and 8? I cannot find them in any data available in the museum at Wabash College. If you would return the one copy in the prepaid self-addressed envelope, I will forward in the dates to Salem Press — they have been sent a copy and await the missing dates. You may use the other copies (and I will send if you need sheets when they arrive). I would like your approval on this sketch.

Paul F. Erwin, Associate Prof. History
