## Conservator's Note

This scrapbook was received by the preservation lab for housing. The book is a cased binding with paper over the boards and leather over the spine. The leather is red rotted with large losses and tears throughout the spine. The textblock is sewn on two tapes. Both tapes remain attached to the back board, but one tape is broken at the front. Both internal hinges are broken.

The book received two minor mends at the spine to consolidate the most significant tears. The mends were applied with uso mino and Zen Shofu wheat starch paste. The book received a protective CoLibri jacket and was housed in a custom corrugated clamshell, with a corrugated wedge.
