

The Rockefeller Institute for Medical Research
Princeton, New Jersey

18 April 1945

Dr. Charles D. Aring,
General Hospital,
Cincinnati 29, Ohio.

Dear Charlie:

I expect to be in Cincinnati on Friday, 27 April, and hope very much that you will be in town and that we may be able to get together for a little while, either in the morning or in the afternoon. If there is some particular time which would be more convenient for you, I would appreciate it very much if you could leave word with Miss Pindar, Dr. Weech's secretary, at The Children's Hospital Research Foundation.

Looking forward to seeing you.

Sincerely,

Albert B. Sabin,
Lt. Colonel, M.C.
