Professor Neil Armstrong
Institute of Engineering and Medicine

Dear Professor Armstrong:

As you know George Rieveschl is resigning as Vice President for Special Projects to devote all of his time to the emerging University of Cincinnati Foundation. I understand that George has talked with you and that President Bennis has as well. This is simply to confirm that you are being asked to report University Dean Al Yates in place of George Rieveschl.

Incidentally, may I come over some time and get some briefing on what is going on in your shop? Many thanks.

Cordially,
