Dear Albert:

On returning to Pittsburgh I find on my desk a copy of your paper entitled, "Field Studies with Live Poliovirus Vaccine and Their Significance for a Program of Ultimate Eradication of the Disease" which you prepared for the SYMPOSIUM ON POLIO VACCINES, Newark, New Jersey, April 20, 1960. Thank you very much for this.

It was a real pleasure to have had so much time with you in Atlantic City. I presume you will receive this after your return from Moscow and I hope you have enjoyed that trip.

Very sincerely yours,
