IN REPLYING, ADDRESS THE

Febr. 27, 1957

*Histoplasmosis
conference*

Dr. Albert B. Sabin,
The Childrens Hospital Research Foundation
Cincinnati, 29, Ohio

Dear Albert:

I am terribly sorry to receive your letter of February 6th regarding the failure of the Washington office to send you a copy of the Histoplasmosis Monograph. Dr. Willis was here recently, and in discussing the matter he states that he sent a directive that you be sent 6 copies which should have gone out several months ago. Also he states that he thinks he sent you a copy from among the first five or six which he received. At any rate we telephoned the Atlanta office and this matter should have been taken care of recently.

If any difficulties arise please let me know, and again let me apologize for the delay in your receiving your copies. I think in spite of the delay in publishing, it is a fairly creditable performance -- what do you think?

With best personal regards,

Sincerely yours,

MICHAEL L. FURCOLOW, Medical Director
Chief, Kansas City Field Station
