Dear Albert:

I am afraid that I buried Dave's and my acceptance of the invitation to attend the conference in a letter which was largely concerned with talk about babies. At any rate, I am very glad that Deborah is here and that you are all so happy about it.

Dave and I have already reserved rooms for ourselves and Lohelle who will come with the understanding that his expenses must be borne by himself. We will also include a reservation for Carl Schwerdt.

We are all looking forward to a pleasant and profitable session.

Cordially yours,

HAH
