OFFICE OF THE DEAN

December 30, 1960

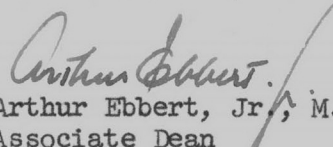

Dr. Albert Sabin
Children's Hospital
Elland and Bethesda Avenue
Cincinnati, 29, Ohio

Dear Dr. Sabin:

I am writing at the suggestion of Dean Vernon Lippard for information regarding the qualifications of Mr. Jules S. Cass, who currently is on the faculty at the University of Cincinnati College of Medicine and is in charge of the Laboratory Animal Colonies. Our chief veterinarian and the chairman of our Animal Care Committee is leaving Yale to accept another position. We are most eager to obtain an experienced person to fill this position. The appointment would allow time for research activities in addition to supervision of animal care. In fact, we are seeking an individual who is active in research.

Mr. Cass has been suggested to us as a possible candidate for this position. We hope that you may be willing to give us your confidential opinion of his personal and professional qualifications. Your consideration in this matter will be greatly appreciated.

Sincerely yours,

Arthur Ebbert, Jr., M. D.
Associate Dean
