My dear friends Heloisa and Albert,

Many thanks for your kind letter. I hope you are having a wonderful time in Brasil. I still hope somehow or other to join you, even for a short spell, if possible.

A short time ago I called Elliot in L.A., and he gave me a very good report on Adolpho. However, he thought it would take about a month in the hospital to recover. Everything is normal. I spoke to Lucy this morning.

I am going to Philadelphia today to give a concert, then to Cleveland and Chicago and the concert in the New York Parks!.

I think of you often and send you both my love.

I miss you—
With love Andre—
