

August 29, 1955

Dr. Robert N. Hull  
Eli Lilly and Company  
Biological Research Division  
The Research Laboratories  
Indianapolis 6, Indiana

Dear Dr. Hull:

Enclosed you find 3 ampoules containing the attenuated Type 1 poliomyelitis viruses, strains "P1553", "P2226", and "P2149" which were described in the memorandum dated August 26, 1955.

Sincerely yours,

Albert B. Sabin, M. D.
