Re: your FAX just received, I have been seriously ill with a spinal cord lesion which caused ~~to~~ me to remain immobile in bed with respiratory attacks that made it impossible for me to talk - until I have just begun to improve after steroid therapy started New Years' Eve.

Therefore, I cannot talk to you. I ~~see~~ see no scientific basis for Salk's tests of his AIDS "vaccine" - and disagree with ~~me~~ ^{him} scientifically on most other concepts
