Dear Doctor Sabin:

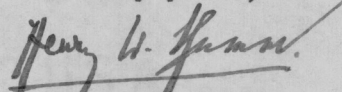

As you know, Grant No. CVRE 139, representing the National Foundation's support of a program of research under your direction, terminates as of December 31, 1955.

If it is your intention to request funds from the National Foundation to support work beyond that date, your application must be received in this office prior to July 1, 1955. Applications received after that date cannot be considered until the Spring of 1956.

Will you please inform us promptly whether or not you intend to request additional funds. As applications must be submitted on prescribed forms, these will be sent immediately upon your request.

While we must require receipt of all applications by July 1st, we would very much appreciate having the forms returned as near June 1st, as possible. To do so will greatly facilitate the work required by this office.

Sincerely yours,

Henry W. Kumm, M.D.
Director of Research
