Attn: Mr. Kylius

Dear Mr. Kylius:

In accord with your request, I am enclosing the piece of mail which represents the latest example of the negligence which we have discussed. You will note that it had arrived in Cincinnati on July 19 at 4 a.m. It did not reach my office until the afternoon of July 24.

I hope that this may be the final event which will help to institute the prompt service which you said is your goal.

With many thanks for your help,

Sincerely yours,

ABS/maj
