

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Dr. Albert B. Sabin

DATE: May 8, 1956

FROM : Dr. Alexis Shelokov *A.S.*

SUBJECT: Report of the Visit of Soviet Virologists

This will accompany a copy of my report on the recent visit of the Soviet poliomyelitis team. I thought that you and the members of your staff who were so considerate during the delegation's tour might like to see it. I was asked to point out that this is considered to be an administrative report - for limited circulation.

Attachment - Copy of report w/supplements
