

UNIVERSITY OF CINCINNATI
(INTERDEPARTMENTAL CORRESPONDENCE SHEET)

To Professor Neil Armstrong

From W. Stubbins

Date November 17, 1972

Dear Professor Armstrong:

This will confirm that Thursday, February 8, 1973 is the date on which you will present the Physics Colloquium. Your suggestion that the topic be "Laser Distance Measurements Performed during the Apollo Program" is quite suitable and will interest our staff and students.

We will plan to insure that the Colloquium is strictly a departmental activity. Guidance from you on the manner of announcing the colloquium will be appreciated - otherwise I will keep it low-key.

We are pleased that you will be with us.

Sincerely,

Warren F. Stubbins
Professor of Physics
