Dr. Samuel Goldberg  
Wick Building  
Youngstown, Ohio

Dear Dr. Goldberg:

I am delighted to learn from Mr. Philip Levy and Mr. Seymour Fishman of your interest in the welfare and in the growth and development of the Hebrew University of Jerusalem. It gives me a warm feeling of encouragement to see my colleagues become interested in the totality of this very vital institute of higher learning: vital to Israel and vital to the development of leadership in the tremendously important countries in Africa and Asia.

I look forward to meeting you personally in the *very near*  
~~measurable~~ future. With warmest regards.

Sincerely

Albert Sabin  
Chairman  
Physicians Committee
