Dear Dr. Sabin,

I was happy to get your letter of November 14, and I am very grateful to you for your active participation in raising a contribution towards the Medical School building in the new Medical Center now under construction. It would indeed be splendid if \$20,000 could be raised from among the physicians of Cincinnati, and I am sure that your active interest in the cause will be a great incentive for others.

With regard to a designation for the funds, we have today written to the American Friends of the Hebrew University in New York to ascertain what specific unit we could suggest for the purpose, and we shall let you have further details as soon as possible.

I, too, remember your visit here with great pleasure. It was a most stimulating experience for all of us, and we are looking forward with anticipation to the time when we shall have you here for a longer stay.

With every good wish,

Sincerely,

M. Rachmilewitz, M.D.
Dean, Medical Faculty
