

TRIBUTE
TO
SENATOR LISTER HILL

FOUR DECADES OF HEALTH LEADERSHIP

October 17, 1966

Dr. Albert B. Sabin
The Children's Hospital Research Foundation
Elland and Bethesda Avenues
Cincinnati, Ohio

Dear Dr. Sabin:

As you know, it was necessary to cancel the dinner which was to salute Senator Lister Hill on the 20th anniversary of the Hill-Burton Act. However, we knew that you would want to have a copy of the booklet which was to be distributed at the dinner.

The booklet reviews Senator Hill's remarkable career and pays tribute to his distinguished record in Congress. One quotation perhaps typifies the scope and the meaning of that record:

The impact of his knowledge and his influence upon medical and health care legislation has given new dimensions to the term 'public servant.' Millions of Americans are in his debt for his contribution to their well being.

We hope you will find this booklet a worthy tribute to a fine American.

Sincerely,

Harold Hillenbrand, D.D.S.
Co-Chairman
