Huntington, W. Virginia 25701

Dear Larry:

This is to tell you how much I appreciated receiving your letter of May 21 and all the kind things that you said. I learned about your son in Baltimore by receiving a copy of his letter from the WETA radio station in Washington.

I was sorry to learn about Shirley's death. I ran into David Ginsberg at the National Academy of Sciences the other night when we both attended a lecture by a scientist of the Weizmann Institute. I hope very much that we shall have an opportunity for a reunion the next time you come to Washington.

Best wishes and kindest regards from both Heloisa and myself.

Sincerely,

A handwritten signature in cursive script, appearing to read "Albert", is written above the typed name.
