

Milwaukee Wis, Aug. 10-14

Dear Friend Mac.

Your card under date of 31st.
ult. to hand, always pleased to
hear from you. Yes I was some
what disapointed myself not
to have the opportunity to go
to Peoria convention. As I
intented to call on the boys
after the adjournment. and
another reason I am of the
opinion it will be a impor-
tant one.

Whithur you know the
two members that will repre-
send # 8 I dont know, but
their names are Joe Burns,
and J. J. Fleming, it will be
to the party from the coast to

approach them if they desire any favors, If I know the nature of same I might be of some help to the party you have referred to, moreover make some effort to give what assistance there may be in my power, so things will shape themselves O.K.

It must be more pleasant for Gene to be closer to his own people, and no doubt he preferred the change as to news he must had told you some. Give him my regards if opportunity warrants hope they do sometimes.

I had couple of letters from Billy Mc Cain and he certainly tries to make it pleasant for the boys in his jurisdiction, keeps them supplied with cigars, tobacco and candy. Of course as you are no lover of smoking it wouldn't no treat for you "ha ha"

Good reading matter suits you better. Do the boys from Frisco gets you Magazine every month?

And dont you think the present incubent keeps it up to standard?
Hell I am kept pretty busy

working every day at the trade
although things are dull
and many of the boys are idle.
Well I think I must close for
this time, We are glad that
you are in good health.

Which leaves us all the same
that is the family, oldest
boy graduated with high
standing from school and now
will go to high school in Sept.

Best regards to you from
us all with best of wishes

I am ⁱⁿ Fraternally ^{and} sincerely
yours

Adam
