Dear Mr. Arcudi:

This is to tell you how very much Mrs. Sabin and I appreciated your kindness in sending us the beautiful collection of photographs that were taken during my stay in Piacenza. It brought back most pleasant recollections of our visit with you, Dr. Giovanni Tosi and your many other colleagues. It also brought back recollections of the very sophisticated work that is being done by your company in Piacenza.

I wish you all continuing success in your important endeavors.
Kindest personal regards,

Sincerely,

Albert B. Sabin
