Dear Albert,

Many thanks for your letter of February 28th. Like you, I have an excellent reason for having delayed my reply, namely, we have been snowed under with work in connection with our Degree examinations.

I am most grateful to you for your help and am taking steps (a) to get an import licence, (b) to ascertain from Dr. Himmelweit, or any other person, whether a complete set of gradocol membranes is obtainable and, if so, at what price. I shall be writing to you again in due course.

With kindest regards to Sylvia and yourself,

Yours sincerely,

Dr. Albert B. Sabin, M.D.,
