Dr Albert B. Sabin
The Children's Hospital Research Foundation
Cincinnati, Ohio ,U.S.A.

Dear Dr Sabin,

Many thanks for the strain of B-virus
you so kindly sent me . I have made passage in rabbits with positive
result and also succeeded in carrying the strain over to chorio-
allantoic membrane. Later on , if I get some results , I will be ^{(glad}
to tell you about the nucleotide-protein metabolism in the virus-
hostcell .

Yours sincerely

K.G. Thorsson
