Dear Dr. Sabin,

as I am now working for a one year period at dr.Ludo van Bogaert's "Institut Bunge" on neuropathological material brought back from Africa,I have no possibility of being of immediate help to you.

However,Dr.Louis van den Berghe,director in Africa of the "Institut pour la recherche scientifique en Afrique centrale" would be the right man to write to.

His address is as follows:

Monsieur le Professeur Louis van den Berghe  
Directeur de l'I.R.S.A.C.  
BP 217  
BUKAVU  
Congo belge ( Belgian Congo)

I myself expect to be back at the end of this year: at that time, I would be glad to try to answer any of your future requests.

very sincerely yours,

  
JANSSEN
