Dr. Albert Sabin
Childrens' Hospital
Cincinnati, Ohio

Dear Doctor Sabin:

The Queen City Woman's Club would consider it an honor if you have available Friday, November 2, 1956 to speak before us at the Cincinnati Club, in the Banquet Room, following luncheon at 12:30.

I read the reporter's interview with you in Copenhagen appearing in this morning's Enquirer, and we ladies would be most interested in your impressions of Russia and the Polio problems there.

I shall be awaiting your decision optimistically.

Sincerely yours

Mrs J Vetter Quinlan
