Dr. Albert Sabin, Chief  
Division of Infectious Diseases  
Children's Hospital Research Foundation  
University of Cincinnati College of Medicine  
Cincinnati, Ohio

Dear Dr. Sabin:

We are very pleased that you are going to be in Oklahoma City for our conference on the "Research in the Service of Man."

The Oklahoma City Clinical Society is holding an outstanding conference at the same time, which complements ours. They are very anxious to get you to do double duty by taking part in their conference, as per a letter which you have previously received from them. I certainly hope it will be possible for you to accept their invitation, as well.

Sincerely yours,

FRED R. HARRIS  
U. S. Senate
