Dear Albert:

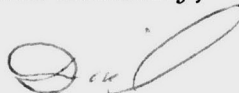

It was so nice to hear from you, and knowing how busy you are I am sorry to bother you with this matter. The smaller photograph you sent is very clear and might be useful, and I will take it with me to Teheran.

If you have had another photograph taken I would be very pleased to receive it.

I do not know who Mr. Afshar is, but whilst I am in Teheran I will make some enquiries and will let you know if I find anything out.

With very best wishes for the success of your present project, and my warmest regards to Heloisa and yourself.

Yours sincerely,

DA:al
