Ann Arbor, Michigan 48104

Dear Reuben,

Many thanks for your letter of August 2 and your offer to propose me for membership in the Cosmos Club. Although I do get to Washington fairly often it is usually in connection with NIH or other meetings which would make my stay at the Cosmos Club inconvenient. Accordingly, I would have so little occasion to use the facilities of the Cosmos Club that I do not feel justified in spending the money for the initiation fee and regular dues.

With many thanks and kindest personal regards.

Sincerely yours,

Albert B. Sabin, M. D.
