Dear Joe:

I was glad to hear that the glass slides arrived in good order, and, although you did not indicate that they were the type you had in mind, I assume that they are of sufficiently good quality to serve your purpose.

We have already sent away an order for the dyes that you need. As soon as we have received them, I shall send them to you by air parcel post, which, I am informed, should take approximately three days.

With all good wishes and kindest personal regards,

Sincerely yours,

ABS/maj
