Dr. Albert B. Sabin
Children's Hospital
Research Foundation
Elland Avenue & Bethesda
Cincinnati 29, Ohio

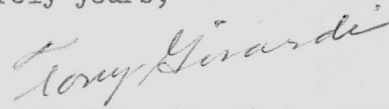

Dear Doctor Sabin:

Thank you very much for the precise memo concerning
the growth of ECHO 28 in vitro.

The strain with which you supplied us has grown well.
I have requested that Dr. Ketler write to you (since he has been
actively working with this agent), presenting the details of
medium, etc., since more than one cell type has been used and
several media were employed.

Best personal regards and again thank you.

Sincerely yours,

Anthony J. Girardi, Ph.D.
