Mr. John N. Hamlet, Director
Okatie Farms
Pritchardville, South Carolina

Dear Mr. Hamlet:

Please disregard my air mail, special delivery letter, dated May 11. Instead, will you let me know if you can have 50, normal, rhesus monkeys shipped out to me the early part of the week of May 17 -- as early as possible in that week. I shall keep in touch with you closely thereafter about future orders.

When you have your telephone installed, I wish you would advise me of the number, and it would be helpful, too, if you would let me know the best way to wire you.

Sincerely yours,

Alex J. Steigman, M.D.
